Thank you, Janet, for covering the meeting for me yesterday and thank you in advance for covering next week.

### 29 March Staff Meeting Notes

(b) (6)  
(b) (2)

HPNS dispute resolution committee mtg today  
Calif Cleanup mtg tomorrow

(b) (2)

Hellman mentioned E.L. walkthrus planned for MINS and Warminster

There was some discussion about HPNS news articles quoting unrealistic transfer dates and that the HPNS should prepare a timey topics to address the misinformation.

NSTI:  
There was a NSTI S12 TWG mtg presentation last week on rubbish areas/grading plan. Discussion from Regulators was limited probably due to the volume of new info and that April TWG mtg would be Part 2 of presentation. Reminded all of directors mtg to present the info this Thursday; Laura said she is looking forward to it.

NTC:  
WB issued letter rescinding NFA letter citing that it's not needed due to NFC letter for Final RACR and closed status in geotracker. (b) (5) WB requests Navy revise FOST to remove reference to NFA letter. Kim thinks we should replace with language about NFC letter and geotracker status.
